Subject: GMPI acquires Accreditation

A two year accreditation will be awarded to Greater Marlboro Programs, Inc (GMPI) according to Denise Vojackova-Karami, Vice President of Developmental Services. The accreditation follows a comprehensive review of the staff, programs and policies of GMPI by the Quality Enhancement Licensure and Certification division of the Commonwealth Department of Developmental Services. The survey was done over a span of more than one week. "We achieved full compliance in 6 out of the 6 Quality of Life Areas" according to Vojackova-Karami. The two year accreditation is the maximum awarded.

Carol Manne, President and CEO of G.M.P.I. indicated that the QE Survey Team had stated that they were very impressed with the beautiful, safe GMPI residences as well as how well GMPI has been promoting good health for all individuals, especially for those who have specific medical conditions. Manne states that "Ultimately it is our staff which did a wonderful job. They showed tremendous skill and caring."
